TERMINAL DISCLAIMER BY ASSIGNEE

Pfizer Inc is the joint owner of 100% interest in the above-captioned application, in U.S. Patent No. 6,682,736 B1, issued January 27, 2004, and in second application serial number 10/612,497, filed July 1, 2003. Pfizer Inc hereby disclaims, except as provided below, the terminal part of the statutory term of any patent granted on the above-captioned application, which would extend beyond the expiration date of the full statutory term of U.S. Patent No. 6,682,736 B1, or any patent issuing on said second application, including any patent term extensions, restorations or adjustments for said patent available under all applicable statutes including 35 U.S.C. §154 through 156 and 173 as shortened by any terminal disclaimer filed prior to the grant of U.S. Patent No. 6,682,736 B1, or any patent issuing on said second application. The owner hereby agrees that any patent so granted on the above-captioned application shall be enforceable only for and during such period that the legal title to it and to the above-identified granted patent and to said second application shall be commonly owned. This agreement runs with any patent granted on the above-captioned application, and is binding upon the grantee, its successors or assigns.

In making the above disclaimer, the owner does not disclaim the terminal part of any patent granted on the above-captioned application that would extend to the expiration date of the full statutory term as defined in 35 U.S.C. § 154 to 156 and 173 of the above-identified grant patent or any patent issuing on said second application as shortened by any terminal disclaimer filed prior to the grant of U.S. Patent No. 6,682,736 B1 or prior to the grant of any patent issuing on said second application, in the event that the granted patent expires for failure to pay a maintenance fee, is held unenforceable and/or invalid by a court of competent jurisdiction, is statutorily disclaimed in whole or terminally disclaimed under 35 C.F.R. § 1.321, has all claims cancelled by a reexamination certificate, is reissued, or its term is in any manner shortened prior to the expiration of its full statutory term as shortened by any terminal disclaimer filed prior to its grant.

The undersigned states that he/she is authorized to sign the document on behalf of Pfizer Inc as assignee of the above-captioned application, that the evidentiary documents relating to the assignment of the above application have been reviewed, and he/she certifies that, to the best of assignee's knowledge and belief, title to the above application is in assignee by virtue of assignment(s) recorded in the U.S. Patent and Trademark Office on March 18, 2002, in U.S. Patent Application No. 09/472,087 (now issued as U.S. Patent No. 6,682,736 B1), at Reel 012709, Frame 0596.

This Terminal Disclaimer is accompanied by a fee transmittal form authorizing payment of the appropriate fee under 37 C.F.R. § 1.20(d).
